DB 80AS-R 6m K180
H2 W4 B
surface mounted on bridge deck

PRODUCT DATA SHEET

Performance class.......................... H2 W4 B
Working width............................... 1,1 m
Vehicle intrusion............................ VI5 (1,4 m)
Dynamic deflection.......................... 0,7 m
Selected system length....................... 78 m
EC Certification report...................... 62625

System series............................. DB 80 Series
Tension bar................................. K180
Design..................................... Generation 1

Element length............................ 6 m
System height.............................. 80 cm
System width.............................. 48 cm
Element weight / length................... 3.200 kg / 6 m

Mode of operation........................ single sided
Mode of installation....................... surface mounted on bridge deck
Additional features........................ position lock
Terminal anchoring........................ no
Installation drawing........................ K689940-EN
THE VERSATILE DB 80 SERIES PROTECTS WITH MODULAR SAFETY
The comprehensive safety barrier concept for the median, roadside and bridge.
